**FAMILY TIES:** Wendy with children, Hannah and Matthew

**FATHER'S PRIDE:** David with James and Hannah

# Ploughing their own paths

Though some may find holding a wedding reception in a pub strange, David and Wendy had only one place in mind.

Not a couple to stick to the norm, it was Wendy who proposed to David after first meeting in 2006.

"The first date was a disaster. I nearly cracked my skull on a low door.

"Wendy spent the lunch date watchin a cartoon lump on my head grow," says David.

During a birthday meal for David, Wendy presented him with his present – and a surprise proposal.

"My birthday present was a trip to Goa for two, not so much a holiday but actually a Honeymoon if we got married first," continued David.

"So you see Wendy actually asked me!

"I've never been hijacked before, but this time I was well and truly stitched – of course I said yes!"

As the couple were sitting in the Plough Inn, Grimsargh at the time with landlord and landlady, Sandra and Dave, it was agreed the wedding reception would take over the Plough giving the pub its first wedding.

On April 3, David and Wendy were married in the Lancashire Rose Suite at Preston Registry Office with their children, Hannah, James and Matthew playing their part in the wedding party, followed by the reception at The Plough.

"People were surprised when we told them where we were having the Wedding Break-

fast," says David.

"But we have known The Plough for excellent dining for some years."

The party of 27 sat down to a five-course meal, specially-prepared by the Inn's head chef, Graham, who included Lemon Sole, stuffed chicken breast and chocolate brownie cake.

"It was the little touches that created a seamless event for us," continues David.

"From the stately ribbon-trimmed Daimler wedding cars also provided by Dave/Grimsargh Wedding Cars, through to the singer in the evening, Alice Hutson."

To finish their perfect day David and Wendy, along with their guests, released chinese sky lanterns, on which they had written wishes, into the night sky.

"27 sky lanterns over Grimsargh was an awesome sight," adds David.
